Dear Exhibitor,

The MNOA is presenting our 25th Annual Training Conference March 27-30, 2018, at the Oasis Convention Center, Springfield, Missouri. We have the largest law enforcement training conference in the State of Missouri and expect between 400 and 500 law enforcement officers to attend. The attendees will be state, local, and federal law enforcement. Representatives from all the Narcotic Task Forces will also be in attendance. An area has been designated near the classroom for exhibitors. Past experience has shown that the officers mingle with the exhibitors during the breaks and between classes (hourly). The vendor area is secured and monitored when exhibitors are not present.

Exhibitor space is \$275.00 and includes one skirted table, chairs, and electricity. Additional tables are \$20.00 each. Space is limited and assigned on a first come basis. Exhibitor space is available for set up starting the afternoon of Tuesday, March 27, 2018 and available until noon on Friday, March 30. All exhibitors are invited to attend the BBQ the evening of Tuesday, March 27 and the hospitality room each evening to network with the attendees. This year we are experimenting with a few new activities due to the recent move to a new facility and this being our 25th Annual Conference. We will be hosting a Vendor mixer with the attendees immediately after class on Wednesday night. This will allow the vendors and attendees to mingle in a different atmosphere. This will also allow the vendors to have more time with a larger group of attendees and make any presentations they wish.

I apologize for the short notice but in November we experienced a complete computer meltdown and lost almost all of our data. It has taken a long time to reconstruct our data bases. The web site should be current at www.mnoa.com. Please let me know if you have any questions. Thanks, Tim

If you are interested in attending the MNOA 25th Annual Conference please contact Tim Medlin via email at medlin@mnoa.com

Best regards,

Tim Medlin, MNOA Executive Director
